

# PUBLIC TRANSPORT IN PARIS: WHICH TICKETS TO CHOOSE?

## For occasional travel

For a single trip or a few journeys, tickets are the best solution.

They are paperless and can be loaded onto a Navigo Easy pass, a phone (Android and iOS) or a connected watch:

- **Single ticket Metro-Train-RER**  
€2.55 adults / €1.30 children (4-9 yrs)  
Validity 2 hrs including connections
- **Single ticket Bus-Tram**  
€2,05 adults / €1,05 children (4-9 yrs)  
Validity 1 hr30 including connections
- **TicketParis Region <> Airports**  
€14 adults / €7 children (4-9 yrs)  
Validity 2 hrs including connections

The **SMS bus ticket** is an instantaneous ticket available for one bus journey. It costs €2.55.

As the bus arrives: text Bus + the number of the bus line (for example: Bus29) to the number 93100. You will receive an SMS which serves as a ticket to show to the bus driver when getting on the bus.

The SMS is valid for 1 hour, **no** connections.

It is possible to travel with more than one person, simply by sending as many SMS messages as the number of tickets required. It is also possible to buy a ticket from the driver, usable under the same conditions.

The **Navigo Easy travel pass** can be loaded with paperless tickets for quick and easy use. When empty, it can be recharged with the following tickets: Metro-Train-RER tickets and Bus-Tram tickets or Paris Region <> Airports tickets or Paris Visite travel pass or One-day Navigo travel card.

The Navigo Easy travel pass is a contactless, non-nominative card. It costs €2.

It can be loaded at ticket machines in the station or onto a smartphone with the Île-de-France Mobilités app or the Bonjour RATP app.

## Plan ahead and buy your tickets in advance!

Navigo Easy pass pre-loaded with **10 tickets** Metro-Train-RER €29.95 adults / €16,05 children (4-9 yrs).

Tickets valid throughout Paris and the Paris region, including Versailles and Disneyland Paris.

Not included: the airports.

Connections possible for a period of 2 hours (not including the Montmartre funicular, accessible but without connections).

Buy
